## Remind App

According to the Remind people Verizon customers will no longer be receive text messages to their phones. Verizon is charging them an extra fee for this service now so they have opted not to pay it so that they can keep the Remind app free to all educators. You can still receive my messages as long as you have downloaded the Remind App and turn on your notifications for the app. I have been looking for a replacement texting service but have yet to find one that is free. Please download the Remind App so that you can still get notifications from us. This is the main way that we communicate when we cancel school.

## A Look at our Month

Our Valentine's Parties are this month. We have 35 children in our Monday, Wednesday, Friday class and 28 in our Tuesday and Thursday class. If your child attends for child care they will attend both class parties. Your child will need a Valentine's box for the Parties. Your child will need Valentines for each class that they attend. Your child only needs to sign their name on the card. This makes it easier for them to pass them out on party day.

Child care children will not need a lunch on these two days either.

Party sign ups are up on the Parent Bulletin Board. Please sign up for something.
